In need for a...

... 24-hour coverage of your pharmacovigilance (PV) phone line as recommended by swissmedic?

... national medical callcenter for emergencies (e.g. unblinding of clinical trials, emergency product orders) outside your regular office hours?

... any other phone support that can best be given by medical professionals?

A concierge arrangement with Tox Info Suisse is the answer!

Why Tox Info Suisse?

- ✂ Our phone is answered by a physician 24 hours per day, 365 days per year
- ✂ All physicians are well trained in recognizing adverse events and in dealing with emergency situations in general
- ✂ All our experts speak German, French and English fluently
- ✂ Required confidentiality and data protection are guaranteed
- ✂ Synergies allow service to be offered in cost-efficient way
- ✂ Long-standing experience for such arrangements with top pharmaceutical and chemical companies
- ✂ Internationally recognized, not-for-profit Swiss organization
